Paathshaala by Zeiss - 86%

ABOUT ME

Dedicated and skilled optometrist seeking to leverage expertise in vision care and patient satisfaction at Zeiss. With a strong foundation in clinical optometry, a passion for advancing optical technology, and a commitment to deliver top-tier patient care, I aim to contribute to Zeiss's reputation by innovation and precision in the field of vision care. Motivated to be part of a team that delivers high-quality vision care, with a strong commitment to personal and company growth

WORK EXPERIENCE

- Conducted comprehensive eye exams for over 400+ patients, independently diagnosed and managed patients with refractive errors, ocular diseases, and binocular vision anomalies.
- Assisted in the fitting and evaluation of contact lenses, including specialty lenses for ocular conditions such as keratoconus, scarred corneas and myopia control.
- Assisted in effective diagnosis of BV anomalies and offered vision therapy services
- Assisted in providing Low vision care, counseling and rehabilitation services
- Collaborated with supervising optometrists and ophthalmologists in the management of pre- and post-operative care for patients undergoing ocular surgeries.
- Educated patients on eye health, preventive care, and proper contact lens hygiene, leading to improved patient awareness and satisfaction.
- Utilized advanced diagnostic equipment, such as HVF, OCT and fundus photography, to assist in the detection and management of various ocular conditions.
- Documented patient histories and ocular examination findings accurately in Electronic health records, ensuring compliance with clinic protocols and improving workflow efficiency.
- Participated in community outreach programs, providing vision screenings, dispensing, troubleshooting services and educational seminars to underserved populations, enhancing community awareness of eye health.
